

Arthro⁺ *mobility* Veterinary Arthroscopy

E N D O S C O P Y S Y S T E M

Think of it: Your whole arthroscopy system in one easy to roll case. It's all in there, SurgView Xenon Imaging System, sterile tray, cords, and a cubby for sterile hardware packs. Pop the handle up and roll it into your next appointment. The reinforced, hardcase is nearly indestructible and custom cut foam holds all the contents securely. Yes, now you can take it with you.
