

QUALITY POLICY

BioVision Technologies is committed to the design, manufacture and delivery of endoscopic systems, surgical medical device systems, and sterile disposable epidural catheters that meet or exceed our customer requirements and expectations.

This high level of quality is achieved through the development of innovative products, high level of customer support and the adoption of a quality system that complies with ISO 13485:2016, the MDD and FDA Quality System Requirements.

We are committed to maintaining the effectiveness of the quality management system. Furthermore, our products and services will meet or exceed all applicable regulations and standards.

David W. Sanso, President
